MEMORANDUM FOR: HQ, USAF  
AFMIG-5

SUBJECT : Fuel Storage Tanks for Project "O"

1. Reference is made to our memorandum dated 31 May 1961, subject as above.
2. The fuel tanks requested in referenced memorandum for "special" fuel are being purchased and erected by contract. Please delete these six tanks from our requirement.
3. Our revised requirement for fuel tanks for standard Air Force fuels is as follows:

<u>SIZE</u>	<u>QUANTITY</u>	<u>PURPOSE</u>
42,000 gallon	1	115/145 AVGAS
42,000 gallon	1	JP-4
21,000 gallon	1	90 Octane

4. Request we be informed on the availability and condition of these three tanks prior to requisitioning them for the Project. A comparison on the cost of obtaining these tanks and erecting them versus the cost of having the tanks purchased and erected by a sub-contractor will be accomplished before a decision is made as to which source of procurement we will follow.
